

ANNOUNCEMENTS.

Supr. of Public Instructions.
Dr. H. A. M. HENDERSON, of
Hartford county, is a candidate for
election to the office of Superintendent of
Public Instruction.

Hon. Z. F. SMITH, of Henry county,
is a candidate for Superintendent of
Public Instruction.

The Message.

The message of President Hayes has
been commented upon by many of the
ablest journals of the country, and we
are fully persuaded that we can not
add anything to the just strictures to
some of the views expressed. The
length of the message prevents our
publishing it; but we will occasionally
publish such of it as may be of interest
to our readers.

Nothing is of more importance than
the reference the President makes of
the manner of conducting the Con-
gressional elections in the South, ac-
companied with a partisan threat to
use the power of the Executive over
the States of South Carolina and Lou-
isiana particularly. Such menacing
declarations are far from being charac-
teristic of a wise and just Chief Magis-
trate, and in juxtaposition with Mr.
Hayes; one year ago and now. What
has come over the spirit of his dreams
that the constitutional rights of the
States were to be held sacred then, and
now he must supervise and dictate the
choice they make in their ballots. The
people of the South do not vote to suit
the Republican party, or rather the rab-
id, radical leaders, and for that grave
error they are subject to the displeasure
of this great Mob. They must give
the freedom of the elective fran-
chise or go under the ban of his and
Blaine's displeasure. If the negroes did
not vote in the South, so, neither did
the vote in the other portion of the
States hold out; if they voted with the
Democracy, they only voted and acted
wisely, and showed their aversion to
the Kellogg and Chamberlain govern-
ment of Louisiana and South Carolina,
they have full faith in Gov. Hampton
and Gov. Nicholls, and have lost all
confidence in the villainous party of
deception that promised so much and
did so little. The negroes will seek
their level as all other people do—as
the stars are eclipsed by the light of
the sun, so must they by the greater
intelligence, and the white race for the
present must rule America.

Card From Mr. J. D. Shortell.

SCIPPIUS SPRINGS, KY.,
December 6th, 1878.
Editor Herald.
In your issue of the 4th instant, un-
der the head of "Partisanship," you
charge me, as Assignee of a bankrupt,
with subserving political ends at the
expense of the estate of the bankrupt
and with an attempt to starve out
Democratic newspapers and other
great undertakings, all because the
notice of the sale in Ohio county, by
me, as Assignee, was published in the
Kentucky Republican, printed in Hop-
kins county. The entire article, so far
as it related to me, was wholly untrue,
and in order to correct the erroneous
impression relative to Assignee created
by your article, I have to say that the
law requires notice of sales by as-
signees to be published in the news-
papers designated by the Judge. See
Sec. 2063, U. S. Statutes.

J. D. SHORTELL.

Here is the section referred to:
TRUST L. I.—BANKRUPTCY—CH. 4
Sec. 5062. The assignee shall sell all
such unencumbered estate, real and
personal, which comes to his hands, on
such terms as he thinks most for the
interest of the creditors; but upon pe-
tition of any person interested, and for
cause shown, the court may make
such order concerning the time, place
and manner of such sale as will, in its
opinion, prove to the interest of the
creditors.

In response to the above, we only
have to say that the section approves
of the views set forth in our editorial
of last week. There is no power con-
ferred upon the Court or Register to
order advertisements of sale in a spe-
cial paper or in a special manner, time
or place, except upon petition of some
one interested; and in this instance
there was no such petition, hence we
venture that neither the Register or
the Judge ordered the publishing of
the sale by the assignee in the Republi-
can. It was so ordered that Mr.
Shortell produce a copy of the order.
That will shift the blame from his
shoulders to that of the Register or
Judge. Col. J. W. Feighan, W. G.
Beard, and other assignees, have
advised property to be sold in Ohio
county in the HERALD, and in addition
have frequently had printed notices of
sale scattered all over the country in
the vicinity of the sale.

The Kentucky Republican had
something to say concerning our edi-
torial, for, for want of space we can
not notice this week, but will give it a
proper airing next issue.

Look Out for Fraud.

We warn our readers and exchanges
to be careful how they deal with the
Standard Sewing Machine Company,
corner Broadway and Clinton Place,
New York City, N. Y. We have been
advised and have good reason to be-
lieve that they are sharper and
swindlers.

Cincinnati will have her fourth
annual musical festival in May, 1880.
The late Thomas will be musical di-
rector.

Little Mary Griffin.

What thoughts of grief and sym-
pathy are awakened in the hearts of all
those who knew that bright and beau-
tiful darling. Like the purest rosebud
in the garden of youth, she was
plucked by death's ruthless hand, re-
gardless of the agonizing grief and tears
and prayers of parents and friends.

It is useless to offer words of con-
solation to the parent's stricken hearts;
time alone, with the hope of a life
hereafter can heal the bleeding wound.

Years ago a kind friend sent to a
then bereaved and desolate mother the
enclosed beautiful lines, which she now
sends you for publication, hoping that
with a Christian's hope and faith the
sorrowing mother may almost realize
her little Mary's voice chanting:

"Mother, sweet mother, though many a day
Has passed like a swift winged cloud away,
Since thou, with grief that was almost will,
Diedst give to the angels of death thy child;
Nevermore let a tear thine eyes fill;
For mother, sweet mother, I'm with thee still.

Thou canst not see me, the child so dear;
Thou canst not hear me, yet I am near.
I watch thee, mother, as thou dost me,
In the day of my youth and infancy;
Love's holiest gift I came to thee;
Mother, dear mother, I am with thee still.

When the East is red with coming morn,
And the stars grow pale in the crimson dawn,
And the busy care of a new born day,
Are chasing the shadows of sleep away,
Thou art up, mother, the river runs full;
Mother, dear mother, I am with thee still.

When the sun goes down to his couch of gold,
And the shadowy wings of night unfold,
And the stars fight up the beautiful road
That shows the path to the silent shade,
I come with the angels that do his will;
Mother, dear mother, I am with thee still.

I see thee kneel in the place of prayer,
And I find my place in silence there,
—the home of faith and love is given,
The hope that heralds the bliss of Heaven.
And the holiest path to the silent shade,
Mother, dear mother, I am with thee still.

When the river shall come and thy strength
shall fail,
And thy feet are turned to the narrow vale,
And the waters of death, so dark and cold,
Shall o'er thee roll, as once they rolled,
I will touch thy hand in the waves as still;
Mother, dear mother, I am with thee still.

When the river is crossed and the journey is
done,
The soul is in the place of glory,
And thy feet are over the glorious shore,
Where sorrow and sin are known no more.
New citizens, thou art a true citizen;
There, dear mother, I am with thee still.

GOOD TIME FOR THESE HARD TIMES.
—H. Weissheimer has a lot of Clock
and Watches on hand, which keep
good time and can be bought low.
Repairing also neatly and carefully done.

—Mr. Josh Tinsley, left as a speci-
men of his Sargum Syrup, that is
equal, if not better, than any we have
seen this year.

—Mr. William Thomas, of El-
lick, brought us a pod of red-pepper
last week that looks for all the world
just like the head of a Turkey buzzard.
He also left with us a piece of leather
substance found in the heart of a tree.

INFORMATION THAT PAYS.—With a re-
duction in price and its 2-cent amount of
useful information, the American Agri-
culturist can hardly fail to pay well, all
who invest the small sum required to get it.
Send it—advertisement.

—The Welcome Guest, referring
to a notice given in the HERALD,
pays us the following appreciated com-
pliment.

A compliment from such a success-
ful journalist as is author of the above
is well appreciated. Were we like-
him, master of the quill, we might at-
tempt eulogy in return. However,
we feel that the public will substantiate
our statement when we say that Mr.
Barrett publishes one of the best and
sprightliest journals in the State.

Breathitt county people deter-
mined not to be eclipsed by the Af-
ghanistan War, have got up one
among themselves. The trouble be-
came at Jackson, the county seat, on
the 25th, ultimo. Jason Little was
on trial for the murder of his wife
when a party of armed men rushed in
to the court-room and attempted to
rescue the prisoner. County Judge,
Freeman and T. J. Little of the other
side were killed. Several other
persons were badly wounded. Cir-
cuit Judge, Randall, ordered the pris-
oner sent to Richmond, Madison
county, for safe keeping, and adjourned
court. The Sheriff reached there with
the prisoner. The two factions are
still under arms. Governor McCrea-
ry, so soon as he learned of it, sent a
commissioner to ascertain the facts,
and stands ready to send militia, if
necessary. He will issue a proclama-
tion for the holding of a special term
of court and furnish soldiers to keep
order and enforce the decrees of court.

GOOD READING.—We direct special
attention to the advertisement of the
American Agriculturist in this paper.
With the reduction in price, the many
engravings, the vast amount of useful in-
formation, this is certainly one of the
best and cheapest papers in the country,
and should be in every family.

Dr. Vogt, of Evansville, is
creating a sensation by performing
wonderful cures by passing the hands
over the surface of the parts affected.
Memorific inflexible, we suppose.

VEGETINE

WILL CURE RHEUMATISM.

Mr. ALBERT CROOKER, the well known
druggist and apothecary, of Springfield, Mo.,
always advises every one troubled with rheu-
matism to try VEGETINE.

Read this Statement.

SPRINGFIELD, Mo., Oct. 12, 1876.

Dear Sir:—Fifteen years ago last fall I was
taken sick with rheumatism. I was unable to
move until the next April. From that time
until three years ago this fall I suffered every
thing with rheumatism. Sometimes there
would be weeks at a time that I could not
step one step; these attacks were quite often.
I suffered everything that a man could, three
years ago last spring I commenced taking
VEGETINE and followed it up until I had
taken even bottles; have had no rheumatism
since that time. I always advise every one
that is troubled with rheumatism to try Ve-
getine, and not suffer for years as I have done.
This statement is genuine as far as Mr.
Stevens is concerned. Yours, etc.

VEGETINE

HAS ENTIRELY CURED ME.

BOSTON, Oct. 1879.

Mr. H. R. STEVENS:—
Dear Sir:—My daughter, after having a se-
vere attack of Whooping Cough, was left in a
feeble condition of health. Being advised by a
friend she tried the VEGETINE, and after using
a few bottles was fully restored to health.
I have been the sufferer from rheumatism
for many years, and have been advised to
take a great deal of medicine, but have not
been cured. I have taken several bottles of the
Vegetine for the complaint, and am happy to say
that it has entirely cured me. I have recom-
mended the vegetable to others with the same good
results. It is a great cleanser and purifier of
the blood, it is pleasant to take and I can
heartily recommend it.

CARBOLINE.

A DEODORIZED EXTRACT OF PETROLEUM.

The only Article that will Restore Hair on Bald Heads.

WHAT THE WORLD HAS BEEN WANTING FOR CENTURIES.

The greatest discovery of our day, so far as a
large portion of humanity is concerned, is Car-
boline, an article prepared from Petroleum, and
which effects a complete and radical cure in case
of baldness, or where the hair, owing to disease of
the scalp, has become thin and falls out. It is
also a speedy restorative, and while its use
secures a luxuriant growth of hair, it also brings
back the natural color, and gives the most com-
plete satisfaction in the using. The falling out of
the hair, the accumulations of dandruff, and the
premature change in color, are all evidences of
